FEATURES & BENEFITS

MULTI-FUNCTION FLEXIBILITY

Each function has been perfected to ensure that no matter what you're cooking, you've got the right heat to match. This built-in oven has 16 functions including Pastry Bake, Roast, Aero Broil, Dehydrate and Rapid Proof, allowing you to use a variety of cooking styles.

GENEROUS CAPACITY

With a generous 3 cu ft total capacity, you can create several perfectly cooked dishes at once using multiple shelves.

COOK WITH CONFIDENCE

The 2.4" screen provides an intuitive guided cooking experience that helps to deliver perfect results, whether you've been cooking all your life or are just starting out. Cook by food type and allow your oven to guide you through the steps, or change temperature and heat type automatically, depending on your selection.

EXCEPTIONAL PERFORMANCE

Our unique cooking technologies were developed to deliver perfect results. ActiveVent ensures optimized moisture levels, while AeroTech™ circulates heat evenly for a consistent temperature.

SELF-CLEANING

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

COMPLEMENTARY DESIGN

Designed to blend seamlessly into the kitchen, this Minimal style oven features subtle textural and tonal contrasts. Available in a sleek black finish to support a considered kitchen design.

SAFE AND SOUND

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.
