

# Victor Lift chair

## Victor

Our Lift Relaxers offer added support in the form of a reliable and easily operated chair, with all the Norwegian design and comfort of our original armchairs. For those who require that extra comfort and support, our Lift Relaxers are here to help.

With a distinctly padded backrest cushion, the Victor Lift Relaxer allows you to sit back and feel the comforting embrace of soft, supple cushioning. The stitching detail on the backrest creates elegant curvatures, providing a cushion that conforms to your body shape.

## The IMG promise

Our products are subjected to the highest Norwegian quality standards. Our comprehensive warranty policy is our promise to you that your furniture has been built to last.

**Warranty** - See warranty policy for more details.

## Up to 2 sizes available

See reverse for specific option availability.

## Functions - Features

### 1. Higher grade foam

Created through cold-cure foam technology, this ensures ergonomically correct seating posture and support which lasts.

### 2. Comfort precision headrest

Adjustable head and neck support gives you the ultimate comfort in all seating positions.

### 3. Effortless recline

The back recline and integrated footrest can easily be operated at the push of a button.

### 4. Steel interior springs

Steel springs located throughout the back and seat provide optimum support whilst cradling the body.

### 5. Solid frame construction

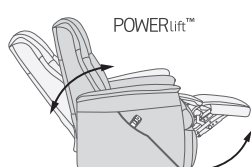

A steel and hardwood frame provides durability and strength.

### 6. Remote control system

Allows you to easily operate the lift function, the backrest and footrest, or return to the home position.
