NOTES

Finished on all sides, this piece floats nicely in the middle of a room

Soft, sloped arms sit on a black square tapered leg

A hidden, extended footrest folds out to provide additional leg support when fully reclined

Adjust your comfort with a power incline function that slightly tilts the seat up and brings the footrest up

The power control is located inside the arm for a clean, finished look on the outside

The power control includes USB-A and USB-C ports for convenient charging

Available in two top-grain leather choices that are durable for everyday use

Built to last with our patented Flexsteel DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

Removable back for easy moving throughout the home
