

PERLICK NITRO DISPENSING KIT

FEATURES AND BENEFITS

- Take your in-home beverage to the next level by infusing it with nitrogen for a lasting **cascading effect** and a **smooth, creamy, slightly sweet flavor**
- Beverages such as coffee, tea, beer, and others can be infused using the *Perlick Nitro Dispensing Kit*
- Kit allows connection to a tower with **up to 2 faucets** allowing you to dispense one nitrogen infused beverage along with another beverage if so desired
- Pair with Perlick's superior refrigeration for a **durable and reliable** dispensing system you can trust
- Quick disconnects make it **easy to change out kegs**
