**Product Description:** Elevate your home office with the Brixton Writing Desk, a contemporary piece that combines functionality and style. The desk features a two-tone design with pebble-hued elm veneers and contrasting ivory leathered drawer fronts. With five drawers, including a drop-front keyboard drawer and dividers for organization, it's perfect for maintaining a tidy and productive workspace. Its elegant, curved design and durable construction make it a stunning centerpiece in any office setting.

**Collection Features:** The Brixton Home Office Collection is a thoughtfully designed trio featuring elegant, curved waterfall silhouettes that give the collection a sleek and contemporary aesthetic. The two-tone finish pairs soft, elm veneers in a pebble hue with door and drawer fronts in a contrasting ivory with leathered texture.

**Status:** Coming Soon

**Finish:** Two-tone finish pairs soft, elm veneers in a pebble hue with drawer fronts in a contrasting ivory with leathered texture.

used in either side  
Rounded top corners

**Material:** Elm Veneers

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
