SKU: P359306

Availability: Contact us for availability details

Type: Cabinets, Sideboard Cabinets

Category: Casual Dining

Collection: Ashby Place

Number of Shelves: 2

Style: Transitional

Finish: Whites/Creams/Beiges

Brand: PFC

Product Description: Elegant and welcoming, the Ashby Place 4-Door Server with Open Shelves enhances the aesthetic appeal of any space. Open shelves accommodate electronic devices such as media players, gaming consoles, or audio equipment, while cord exit holes help keep cables and cords organized and out of sight. Behind each pair of doors is an adjustable shelf that allows customized storage configurations to accommodate items of different sizes. A luxurious marble top serves as a sophisticated focal point and a display area for your favorite items. The clean-lined silhouette adorned with shaped molding and nickel-finished metal accents creates a timeless yet modern look that complements several interior styles.

Collection Features: Ashby Place displays a sophisticated chic feel with comfortable classic silhouettes, making it suitable for various interior design styles. Quartered ash veneers finished in a soothing neutral gray complement the cool, clean marble and soft silver metal accents. This collection brings a sense of refinement and character to any living space, creating a cohesive and inviting aesthetic.

Status: Active

Finish: The neutral finish seamlessly blends into various design schemes, working well with bold or neutral color palettes

Features: Transitional, chic styling combined with classic elements emphasize simplicity and understated elegance
A marble top, open media shelves with cord exit holes, and an adjustable shelf behind each pair of doors provide a versatile storage solution
A metal X-shaped design base and hardware in a nickel finish add a visually striking aesthetic to the overall design

Material: Ash Wood Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat

and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Width: 90.75" (230.5 cm)
