Product Description: The interlocking ribbon- motif fretwork on this upholstered-seat arm chair will give a stylish and romantic flair to all your special occasions. When mixed with the Leesburg dining table finished in the deep, rich traditional color featuring cathedral and swirl mahogany veneers, your space will exude gracious hospitality.

Collection Features: Leesburg harkens back to an antebellum time when elegant traditional mahogany furnishings with graceful lines set the stage for Southern hospitality and grand occasions. The mixture of rich mahogany with the more casual antique white finish results in an unexpected twist on classic style with a fashion flair.

Status: Active

Finish: Leesburg features a rich, traditional mahogany finish with elegant cathedral and

swirl mahogany veneers and light physical distressing. Distressing includes worm holes.

Features: Upholstered seat

Material: Fabric

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
