Around the Corner 1

D2770S55392-4724

Around the Corner 1 is a study of contrasts that includes angular shapes, contour lines, and dual tonality. This work on canvas masterfully captures the art of chiaroscuro, a technique used to highlight the use of light and shadow. The manipulation of light and shadow infuses this composition with a sense of depth, drama, and realism that draws the viewer into the scene. Part of the carefully curated ART by TA collection, Around the Corner 1 is a skillful presentation of technique and shadow in a refined form.
