Fully fabric upholstered

Angled headboard

Button tufting on headboard

Tapered legs

**Material:** Fabric

**Finish Construction:** M utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Our M upholstered furniture collection pieces are benchmarked from sustainably sourced wood and upholstered start to finish by our skilled craftspeople in both North Carolina and Virginia. Every piece has been thoughtfully designed for today's modern lifestyle. Frames are constructed of sustainably certified kiln dried engineered hardwood. Frame parts are joined with precision cut interlocking joints that are glued, stapled to reduce movement, twisting and warping. Frames have cornerblocks that are glued and screwed at stress points, especially on seat rails and other high stress areas. Depending on rail thickness, frames may be of a hybrid construction, adding a solid hardwood inner frame to give seat rails additional support.

**Fabric:** Choice of over 130 fabrics including a wide selection of performance fabrics

**Contrasting Fabric:** Contrasting buttons available for an upcharge

**COM Fabric Yardage Required 54-Inch Plain:** 10.5
