

# Quit Your Metal-Ing

## Caracole

Crisp and clean, this stylish sofa offers a fashion-forward mix of materials that are distinctly Caracole. A stunning, wraparound detail in Tungsten metal was inspired by an iron gate we noted while traveling. A soothing menswear palette with suiting colors in grey and neutral and a sophisticated frame finished in Platinum give this inspiring silhouette a fresh, current look. Clad in a shimmery white boucle with boxed back cushions in a soft grey velvet and chic little bolsters that offer an interesting rough weave and a white, linear pattern that mimics winter mountaintops. This compelling silhouette's 360 degrees worth of details make it distinctively suited for rooms with floating seating arrangements.
