

# Back In Style

## Caracole

Artful and alluring in a luxe material mix, this lounge chair captures the tranquil beauty of gently swaying kelp ribbons beneath the waves in a coral reef. Accentuating its sheltering, barrel-style back: a shimmering layer of champagne faux silk framed beneath rippling metal bands and pearl-like beads in a Whisper of Gold for added dimension. The inside back and seat cushion are finely tailored in a silver micro-chenille performance fabric with gold foil accent yarns for added glimmer.
