Brew delicious drip coffee, everyday with this 12 Cup Drip Coffee Maker, with Spiral Showerhead evenly saturates coffee grounds for optimal extraction, producing an exceptionally flavorful cup of coffee. Also, this coffee maker also features a variable brew strength selector to choose between regular and bold strengths, 24 hour programmability, so your coffee can be ready at any time, day or night, and a pause and pour feature, to pour a cup of coffee before the brewing cycle is complete.

- Top Features
- Unique 29-hole Spiral Showerhead for Great Flavor
- Convenient Measurement Marks for Consistent Results
- Clear, Removable Water Tank Makes Filling Easy
