Loren Sideboard Dark Brown

Consider this your room's reset button. Inspired by vintage design, the Loren sideboard balances a familiar, collected feel with softly curved corners that read unmistakably modern. Four doors keep clutter out of sight, while a hidden side compartment uses a push-to-open door—so the curve stays clean without giving up function. Oak veneer over MDF delivers a consistent finish across the case, and solid oak edges, legs, and oversized handles add a sturdy, grab-friendly touch. Storage, with style instincts.

- Vintage-Modern Presence: Oversized pulls and gentle curves nod to the past, while the clean profile keeps the look current across dining, living, or entry spaces.
- Oak Layering: Oak veneer over MDF keeps the case finish consistent, paired with solid oak edges, legs, and handles for added warmth and durability.
- Solid Oak Touchpoints: Legs, edging, and hardware in solid oak bring a more substantial feel where daily use happens most—open, close, repeat.
- Hidden Side Storage: A push-to-open side door adds a discreet compartment, maximizing storage while keeping the curved exterior uninterrupted and clean.
