Between Lines Hand Painted Canvases, S/2

SKU: 32553

Between Lines is a set of hand painted canvases featuring a layered abstract composition in tones of ivory, taupe, and sand with a crackle effect. A smaller painted canvas is inset within a larger blank canvas, creating a layered effect. A natural pinewood toned frame complements the artwork's subdued palette. Due to the handcrafted nature of this artwork, each piece may have subtle differences. This set may be hung horizontal or vertical.
