Depth	20 7/8"
Height	2 5/16"
Width	29 17/32"

Features & Benefits

<p>Precise control</p> <p>Simply turn the dials to ignite the flame quickly and safety. Innovalve™ technology allows you to adjust the flame with 180° gas valve rotation for super accurate temperature control.</p>
<p>Easy handling</p> <p>With flat cast iron grates, pots and pans can easily be slid across elements, coming in handy in busy cooking environments.</p>
<p>Safe and sound</p> <p>The Auto-reignite system means you don't have to hold down a dial while burners ignite – if a burner goes out it is automatically relit at the original flame setting.</p>
<p>Designed to match</p> <p>The brushed stainless steel and polished metal trim has been designed for durability but also provides a modern, stylish finish, matching the Fisher & Paykel family of kitchen appliances.</p>
<p>Easy cleaning</p> <p>The stainless steel component is easily accessible and quick to clean. Cast iron trivets provide a durable and stable cooking platform. Their rubber feet prevent them from scratching the cooktop.</p>

Handy accessories

This cooktop comes with a small pan support and wok stand to complement different cooking styles.
