The Bombelles Nickle Bath Wall Sconce was designed to spread abundant light over a bathroom counter, the shiny silver sconce joining others in the Bath Collection. The globe will be luminous when it is lit, as it is made of natural alabaster, and the polished nickel finish on the metal intensifies the coolness of the design. Alabster is a natural material, so there will be slight variations in each of the fixtures. The Bombelles can be mounted with the globe pointing up or down.
