Product Description: The Banyon Bay Rectangle Dining Table features a versatile design perfect for both small and large gatherings. It includes two 20-inch leaves, extending the table to 121 inches in length. Crafted from white oak solids and veneers in a Desert Oak finish, this modern table boasts double open pedestals and a stretcher for both stability and aesthetic appeal. The multi-step finishing process, which includes wire-brushing and cerusing, provides a rich texture that enhances its contemporary look. Ideal for casual or formal dining, this table is a great addition to urban, coastal, or mountain settings.

Collection Features: Developed with an eclectic mindset, Banyon Bay is youthful and cool, combining precise geometry and gentle contours with natural textures and materials. Delivering smooth contemporary lines, this modern collection is a perfect fit for a casual lifestyle, moving effortlessly between urban, coastal, and mountain settings. Modestly scaled, this collection features white oak veneers and solids in a light Desert Oak finish, accented with an authentic mix of organic materials, creating a cohesive, casual look.

Status: New

Finish: The multi-step Desert Oak finish features wire-brushing and cerusing

Features: Two 20-inch leaves
Table extends to 121-inches long with leaves
Double open pedestals with a stretcher

Material: White Oak Solids and Oak Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Expected Availability: 11/26/2025

Important Use Information: We recommend using coasters, placements and trivets when using hot containers with this item. It is also recommended to provide quick cleanup for any spills to minimize exposure to moisture. Doing so will prolong the life and look of the item and provide many years of the quality you expect.
