

## DOUBLE PEDESTAL DINING TABLE - COMPLETE

Few pieces of furniture can claim such a pedigree as the Hadleigh Double Pedestal Dining Table. Kincaid Furniture has a long history with this classic dining table style in various solid wood collections, but the Hadleigh version shown here is the favorite. Made using select, solid wild black cherry it captures the essence of classic furniture without unnecessary embellishments or ornamentation. This approach makes it a wise choice for interior designs that range from pure traditional to a more updated classic style. The table includes two 20 inch leaves that will create a maximum length of 120 inches to seat up to 12 comfortably. It also features our Kinguard Performance Finish which adds a specially formulated topcoat to add a little more protection to the finish in the event of a spill.

- Table package includes table top and double pedestal base. Includes two 20" leaves, one is self storing.
- 80 x 44 x 30 (with no leaves)
- 100 x 44 x 30 (with one leaf)
