Brand: SLF

Product Description: The Lawson's Creek 5-Drawer Chest offers generous storage capacity and organizational possibilities to help keep your space neat and clutter-free. The drawers have smooth-gliding drawer slides, allowing for easy opening and closing, even when fully loaded. Aged pewter hardware delicately contrasts with the weathered oak finish, and heavy pilasters add visual impact. This chest offers both functionality and appeal, making it an ideal choice for your bedroom.

Collection Features: Farmhouse style and elements of transitional design effortlessly combine to create a welcoming atmosphere with the Lawson's Creek bedroom collection. The weathered oak finish and aged pewter accents add timeless charm and warmth to the overall look. Heavy crown molding creates depth and shadow, enhancing the overall appearance of this group.

Status: Active

Finish: A weathered oak finish gives a muted, worn look, capturing the essence of time

Features: Transitional farmhouse style combines warmth and simplicity with a timeless appeal

Five spacious drawers provide a range of storage options for clothing, linens, accessories, and more

Traditional detailing and aged pewter hardware exude a sense of elegance and refinement

Material: Oak Wood Veneers

Drawer Construction: French and English Dovetail Drawer Construction

Frame Construction: Samuel Lawrence Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
