

AVR-S530BT

5.2 CHANNEL AV RECEIVER WITH BLUETOOTH®

THE PERFECT SOLUTION FOR DEMANDING HOME THEATER STARTERS.

Representing the perfect combination of high performance and high value, the Denon AVR-S530BT delivers superb sonic fidelity along with a host of advanced features including full 4K compatibility, HDR (High Dynamic Range), and ARC (Audio Return Channel) for the complete home theater experience. Thanks to built-in Bluetooth, the AVR-S530BT receives your favorite music wirelessly from any compatible device, and the dedicated Denon 500 Series Bluetooth remote app offers unique control options from your smartphone.

FEATURES

- 5.2ch AV receiver with 140W maximum power output per channel
- 5 HDMI Inputs and 1 output
- 4K/60Hz full-rate, 4:4:4 color resolution, HDR, BT.2020 pass-through (on 3 designated HDMI inputs)
- Full HDCP 2.2 support (on the same 3 HDMI inputs)
- Built-in Bluetooth®
- Compatible with the HEOS Link for free HEOS app control and HEOS multi-room integration
- Auto setup with room EQ
- Front panel USB input
- Denon Bluetooth Remote App (Denon 500 Series Remote, available for iOS/Android)
- Auto ECO mode
- On-screen Setup Assistant
- 4 Quick Select buttons and RC buttons
- Sleep Timer, set up to 120 minutes in 10-minute increments
- Standby HDMI pass-through
- ARC and HDMI-CEC support
- Quick start guide and online manual
- Simple Remote handset

Powerful 5 Channel Discrete Amplifier with Eco Mode

Featuring high current discrete power output devices on all channels, the AVR-S530BT delivers high power and is rated at a maximum of 140 watts per channel. There's also an Auto Eco mode that adjusts the maximum power available according to the volume level. For compatibility with the widest range of loudspeakers the AVR-S530BT is equipped with low impedance drive capability that provides operational stability with 6 ohm speakers.

Advanced HDMI Videos Section

Equipped with 5 HDMI inputs, the AVR-S530BT features support for 4K Ultra HD full frame rate 60 Hz pass-through on 3 inputs along with 4:4:4 Pure Color sub-sampling, HDR, and BT.2020 pass-through on all HDMI inputs. It's also equipped with HDCP 2.2 signal handling, a requirement for 4K Ultra HD copy-protected content.

Built-in Bluetooth

Thanks to built-in Bluetooth, you can easily stream your music from any compatible Bluetooth phone, tablet or computer. Simply select the AVR-S530BT from your device's Bluetooth menu to turn on the receiver and start playing your music. The AVR can remember up to 8 paired Bluetooth devices, so family and friends can listen to their favorite tracks.

Easy To Setup

For ease of setup, the AVR comes with a setup measuring microphone that adjusts critical system parameters for top audio fidelity custom-tailored for your speaker system and listening space. It has color coded loudspeaker terminals, and comes with color coded speaker labels that help ensure correct speaker cable hookups the very first time. With our exclusive Setup Assistant along with the Quick Start Guide, you can connect and configure your home theater system quickly and easily. The Setup Assistant features clear on-screen text that quickly and easily guide you through the setup process, optimizing critical system settings for the best possible sound quality.

Easy To Use

The AVR's front panel features 4 Quick Select function buttons so you can quickly choose from the most popular sources and the system remembers your preferred audio settings for each one. The ergonomic remote control also features dedicated Quick Select buttons. And when you connect the AVR to your Smart TV you have the option of controlling the AVR via the TV's remote control which lets you select an input, adjust the volume and choose the surround sound mode.

Bluetooth Remote App

Download the 500 Series Denon Remote app and control your AVR-S530BT from your Bluetooth device. Functions include On/Off, Volume Up/Down, Mute and Source Selection. The app is available for both iOS and Android.

Compatible with Denon HEOS Link

Connect the HEOS Link (sold separately) to the AVR-S530BT and download the fee HEOS app to enjoy access to unlimited music sources, an intuitive remote app. Your AVR-S530BT will become a part of HEOS wireless multi-room audio entertainment.

Front USB Port

In addition to numerous analog and digital AV connectors, the AVR-S530BT features a convenient USB port on the front panel that's compatible with portable USB devices, and can play back a wide range of audio file types including MP3, WMA, FLAC and MPEG-4/ AAC tracks.
