

SODO

BEDROOM

TRANSITIONAL

The Sodo Bedroom Collection offers a versatile, transitional look with fresh modern lines. Constructed from solid US Alder, the Sodo's Apex Panel Headboard and rich sumatra brown finish are designed to bring big style to any space.

The highlight of the Sodo Collection is the form and function. The moderate A-frame design with the built-in bench on the footboard combines geometric interest and innovative details. Flush mounted drawer facings keep the design clean and uncluttered. All of the drawers have English Dovetail construction on both the front and the back of the drawer box and finished interiors. The top drawers are felt-lined for storage of your jewelry and fine garments. The nightstands feature a USB charging port to accommodate home electronics.
