Type: Bookcases

Category: Home Office

Collection: Tynecastle

Color: Warm Chestnut-Colored Alder

Number of Shelves: 3

Style: Traditional

Finish: Medium Wood

Brand: Hooker Furniture

Product Description: A stately icon of English Country style inspired by manor homes, the Tynecastle Bunching Bookcase can be used alone or in pairs as a focal-point piece with generous storage. The warm chestnut-colored finish reveals the rich character of figured Alder veneers. One adjustable wood-framed glass shelf and one adjustable wood shelf, along with 2 doors with one adjustable shelf behind. One light with 3-intensity touch switch.

Collection Features: Named for the Tynecastle area of Northern England, the 50-piece Tynecastle collection is inspired by the manor homes and equestrian life of the English countryside. Tynecastle combines classic Georgian architectural details with more rustic timber-frame elements and leather accents, creating a "manor home to tack room" Hunt Country flavor.

Status: Active

Finish: A warm, chestnut-colored, physically distressed finish over figured Alder veneers create a canvas of comfort and classic appeal for the Tynecastle collection, accented by custom hardware in an aged copper finish. Distressing includes scratch antiquing, rock, cow-tailing and rasping.

Features: One adjustable wood-framed glass shelf

One adjustable shelf

Two doors with one adjustable shelf behind

One light with three-intensity touch switch

Material: Alder Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
