

SÉURA MIRRORS

Rounded Rectangle Lighted Mirrors

Bring abundant, bright light into bathroom designs without adding fixtures. Smooth lines, unparalleled brightness, superior reflectivity and seamless integration with a broad suite of customization options make Séura’s lighted mirrors perfect for every design project.

Built in the USA

Designed and manufactured in Wisconsin, Séura mirrors are created upon order – enabling an unmatched level of control and craftsmanship with each and every mirror.

Industry Best Lead Times

Now shipping in as little as 3-5 business days for standard designs.

Lifetime Silver Mirrors

Copper-free ¼” silver mirror glass is not susceptible for black edge corrosion.

Sustainable

Energy-efficient, environmentally sustainable and long-lasting lighting, reduces maintenance and electrical costs.

Radiant LED Technology™

Séura’s latest COB LED technology offers the even glow of ambient lighting, 15% more brightness than before, and greater energy efficiency that uses less power.

Optional Touch Control

New capacitive touch buttons conveniently located and etched into the mirror make controlling custom settings easy.

Color-Accurate Lighting

The higher the CRI (Color Rendering Index), the more natural the lighting environment. See your true self with ultra high red R9 color that reflects accurate human skin tones.

Uniform And Exact

High-end lighting emits smoothly and evenly, eliminating the need for add-on diffusers, and radiates at a precise color rating for tones and hues that nature intended.

LIGHTING TYPES

Task Lighting
Delivers bright, direct light for bathroom tasks

Ambient Lighting
Indirectly washes the space with light

Accent Lighting
Sets the mood with a subtle glow

GENERAL	ETCHING DESIGNS	Allegro, Lumin, Forte, Veda, Halo
	MIRROR GLASS	Copper-free 1/4" silver mirror glass is not susceptible to black edge corrosion; UV protective coating
	GLASS ETCHING	Back-sided etching for easy cleaning
LIGHTING	LIGHTING TECHNOLOGY	Séura Radiant COB LED Technology™
	COLOR RENDERING INDEX (CRI)	90+ CRI, R9 Value of 96
	COLOR TEMPERATURE	3000K neutral light color
CUSTOMIZATION	CUSTOM DESIGN OPTIONS	Custom mirror size, custom mirror shape, custom holes, custom frame, custom etching design, additional ambient lighting
	CUSTOM TECHNOLOGY OPTIONS	Touch control dimming, touch control color temperature, night light, touch control night light, defogger, touch control defogger, digital clock, touch control clock and dimming, UL electrical plug
	CUSTOM FUNCTIONALITY OPTIONS	Fingerprint protection, tamper-free security latch, safety mirror backing
	MAXIMUM MIRROR SIZE	Up to 94" w x 70" h or 70" w x 94" h
INSTALLATION	PRODUCT DEPTH	2"
	CONFIGURATION OPTIONS	Hard-wired or plug-in configurations available; simple two-part installation process
	CHASSIS	Powder coated steel construction is highly durable; reflective gloss white housing allows brightest light output
	CERTIFICATIONS AND COMPLIANCE	ETL listed to conform to UL and CAN/CSA safety requirements; LEDs are UL Listed, CE certified, RoHS certified
	TITLE 24 COMPLIANCE	Compliant with Title 24 Building Energy Efficiency Standards (applies to select models)
OTHER	WARRANTY	Lighted Mirrors (excluding Select Lighted Mirrors and Imported Lighted Mirrors) with respect to Séura's labor, glass, structure, and assembly for seven (7) years; electrical and LED light strips for five (5) years; mirror technology with respect to Séura's labor and parts including clocks, night lights, defoggers, dimmers, and touch controls are covered for three (3) years.

* Longer lead time may apply for larger order quantities
