Cush270/271-C: 2 pc. cushion, 6" th.

Product Description

Lakeside Deep Seating is designed to add comfort and style to your backyard. Features an HDPE all weather resin wicker. The Lakeside Deep Seating resin wicker material looks and feels like traditional wicker, but while traditional wicker cracks, splinters, fades and breaks down with prolonged exposure to outdoor elements, resin wicker is unfazed. Plush cushions cover the frames and offer supportive, comfortable long-term seating. Outdoor fabric covers the cushions.
