AEG

36" Built-In Stainless Steel Gas Cooktop

FEATURES & BENEFITS

Stunning UltraFlat Design

This gas cooktop has been carefully designed to have a flat surface, so you can be confident in keeping it perfectly clean and ready to use at all times

Rotary Stainless Steel Control Knobs

Easy to use control knobs not only deliver precise adjustment of the flame intensity but also easy ignition by simply depressing the knob.

Cast Iron Support Grates

Continuous heavy duty cast iron grates keeps cookware stable for even heating.

Triple Wok Ring Burner

The triple wok high output burner located middle left of the cooktop produces high heat for wok cooking, intense frying or fast heating of large boiling pots.

Electronic Ignition

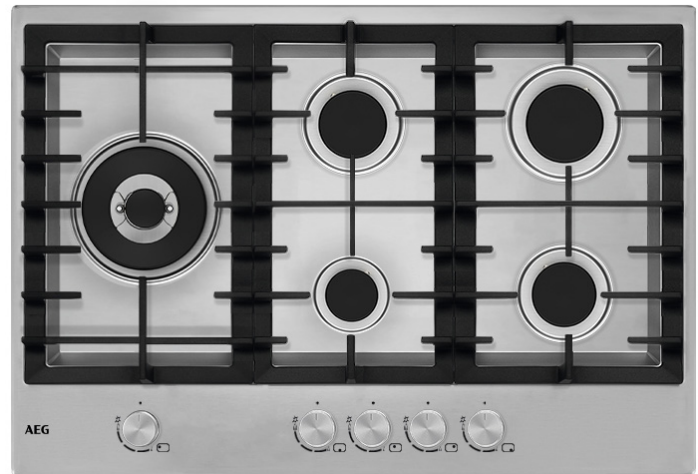

The gas is lit automatically when the control knob is pushed and turned in a single-handed operation.

For The Ultimate Level of Safety

The gas will automatically shut off from the source if the flame accidentally goes out.

Easy Clean Stainless Steel Cooktop

Wipe away spills with ease on the specially-coated surface, and keep your stainless steel cooktop looking like new.
