Product Description: What is more classic than a sofa table? This traditional silhouette has been upgraded with sharp transitional styling in the Denman Sofa Table. Inspired by the Pacific Northwest, rich brown finishes have been applied to beautiful hickory wood for a rich, warm look. An excellent utilitarian piece, the rectangular table features a unique crossbar side design with a stabilizing bar across the bottom. Mix and match with other pieces of the Denman collection for coordinated whole home styling.

Collection Features: Inspired by Drew and Jonathan's upbringing in the Pacific Northwest, Denman is larger in scale, with lower and deeper profiles. Denman's occasional and accent category offers a series of tables, including cocktail, end and console sizes. A display bookcase and writing desk, along with a unique sofa table with a workstation, round out the group.

Finish: Rich brown finish on Hickory veneers

Features: Rectangular wooden sofa table with cross-bar side design
Adjustable levelers

Material: Hickory Veneers

Frame Construction: Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
