Salamander Designs Ltd. will not be responsible for any damage to or destruction of other equipment consequential to our equipment failure. Defective product must be given Return Authorization and is to be returned to the factory prepaid, in the original carton and packing material. Any damage incurred in a shipment not in original packaging shall be the responsibility of the owner. Warranty repairs will be returned prepaid, via UPS within the continental U.S.A. only.

electrical components and all cover material for one (1) year from the date of purchase.

Salamander will repair or replace, at our option, any product defective in materials or craftsmanship.

D. Custom Seating Collections Limited Warranty

The Salamander Designs warranty does not cover any damages due to improper usage, excessive soiling, improper or unapproved cleaning methods (See Product Care for details), chemical treatments, exposure to direct sunlight or color fading. These incidents will void the warranty.

LIFETIME LIMITED WARRANTY

Wood frames, pocket coils or springs: Wood frames, pocket coils, springs or webbing are covered against breakage due to metal fatigue or pulling loose from wood frames. Warranty is limited to supplier's availability of parts.

Recliner Motion Mechanisms: The mechanism is covered by a lifetime warranty against defects in material or workmanship subject to normal residential use. Warranty is limited to supplier's availability of parts.

Any cracking or minor squeaking noise heard from the metal mechanism or wood frame are normal and are not covered by our warranty.

PARTS WARRANTY – COVERAGE & LIMITATIONS

Seat Cushion Foam and Fibre-filled

Components – Five (5) year Warranty: All cushions will soften with use and will conform to the shape of the user. This softening is considered normal wear and is in no way considered a manufacturer's defect. Fibre-filled seat cushion tops, backs and arms will flatten with prolonged use. This is inherent to the design of fibre-filled and fibre-wrapped products. Regular fluffing will

Leathers: Certain models have the upholstery on the seat or back cushions with feathers. In those models, the seat and back cushions are in a 100% cotton envelope and are feather-proof which prevent feathers from escaping. However, it may occasionally occur that some feathers escape, and this is considered normal in the industry.

Stitching – Two (2) year warranty: All our sewing thread finishing is done with top quality nylon to prevent fraying and provide longevity to the furniture. Salamander Designs warrants your stitching for two (2) years against defects in materials, workmanship, tearing or separating from the fabric or leather under normal household use.

Headrest Mechanisms – Five (5) year warranty: The headrest mechanisms are covered against defects in material or workmanship subject to normal residential use. Warranty is limited to supplier's availability of parts.

Recliner Motor – Three (3) year warranty: Recliner motor is warranted against manufacturing defects.

Electronic Components – One (1) year warranty: Electronics are warranted against manufacturing defects.

Leather – Five (5) Year Warranty: The leathers carefully selected by Salamander Designs and subject to normal usage, their longevity will largely exceed its guarantee.

The warranty does not cover damages caused by burns, cuts, all types of scratches (animal claws, rings, fingernails, etc.), exposure to sunlight, or heat source, discoloration due to scalp sebum, unapproved cleaning methods or application of a product on the leather.

Leather is a natural material and, therefore, each hide reflects its own characteristics. Variations in shade, grain, texture, patterns of original hair

NOTE: If a leather piece of your furniture is defective, Salamander Designs will strictly replace that piece at no extra charge with a leather tint approaching nearest to the original leather color. Taking into consideration the fact that the leather of origin will have aged in beauty with time, and that its color will have changed depending on the number of years the leather furniture was purchased.

Fabrics – Two (2) Year Warranty: The one-year warranty covers seam failure or fraying. Since colors and intensity under dye lots may vary within commercial tolerances, the colors of fabrics may vary from the sample swatches. Salamander Designs is unable to guarantee that the exact dye lots illustrated in sample swatches will be the same as the samples used at a retailer, showroom or previously purchased furniture.

This warranty does not cover tears, *pilling, shrinking or fibre migration. The crushing of fabric, velvet, and microfiber is a characteristic of these soft and fluffy fabrics and are not considered as manufacturing defects. The fabric warranty is void if there is excessive soiling, improper cleaning or abuse, or when a treatment has been applied.

Customer's Own Material (C.O.M.): Since the fabric is chosen by the customer, the client must make sure of its quality. Salamander Designs cannot test or judge the quality in relation to our own selection of Salamander Designs fabrics which are carefully selected, analyzed and tested.

That said, Salamander Designs cannot be responsible for its durability or their reaction during sewing or during its upholstery. Consequently, no warranties are given to the fabrics chosen by customers (C.O.M.).
