Finish: The dark tuxedo finish exudes character and timeless appeal

Features: An exquisite blend of classic, transitional design and contemporary flair
The plush upholstered seat complements the design of the chair, offering both comfort and a cohesive visual appeal
A distinctive curved wooden back design with small-scale reeding adds a touch of refinement, elevating the overall aesthetic to new heights

Material: Ash Wood Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
