Shade Dimensions: 17" x 19" x 12"h

The Olano Table Lamp has a contemporary profile that is surprisingly warm given it is so sleek in shape. This is thanks to the metallic gold cap that seamlessly surrounds the top-most point of the off-white porcelain orb and the matching finial that holds the natural linen shade in place. The material from which this white lamp is made has a natural luminosity to it that makes its body glow when the lights are switched on.
