USER'S GUIDE

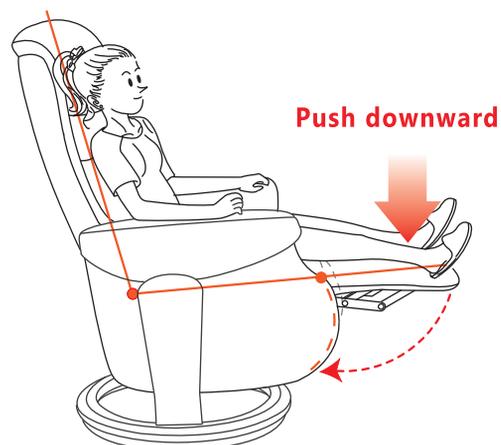

1 To raise the footrest, grasp both armrests and push forward while leaning back in the recliner.

2 To fully recline, pull the strap loop and lean backward.

3 To return the recliner to an upright position, pull the strap loop and sit up.

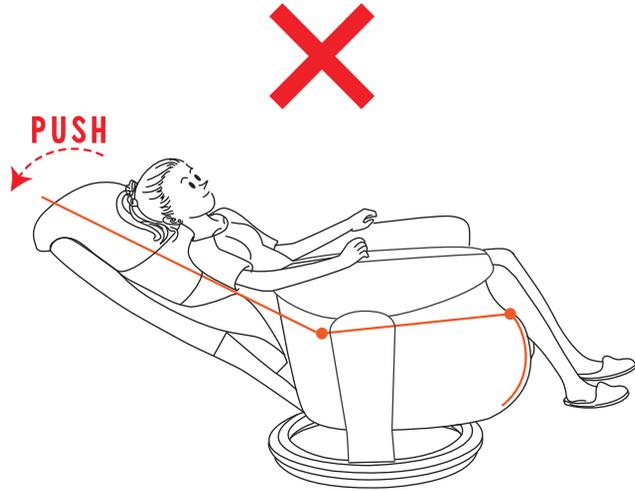

4 To stow the footrest, push downward with your lower legs while seated.

CAUTION

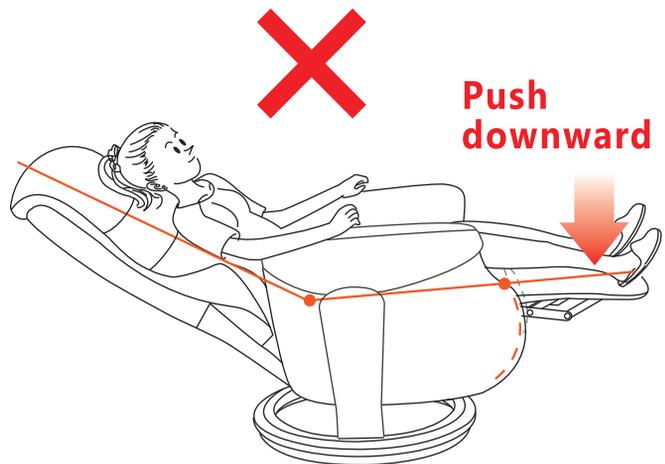

- Raise footrest from full upright position only.

- Do not raise footrest from this position.

- Stow footrest with back in full upright position.

- Do not attempt to stow footrest from this position.

HOW TO ADJUST HEADREST

To adjust headrest: pull from back on both sides as shown.

Do not pull from side edge to adjust, material may tear

To return headrest back: push on both sides or use forearm to evenly move headrest back.

CAUTION

Do not push in the center of the headrest as this may cause foam cushion to collapse.
