NOTES

- Contemporary look with clean lines, sleek arms and intricate cross-stitching
- Built to last with our DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
- Power controls on either side independently adjust the headrest and recline for a personalized sit
- Separate home buttons on either side return the headrest and footrest to their original positions with one touch
- Attached seat and back cushions stay neatly in place and ensure a lasting, comfortable sit
- High-density cushions consist of a high-resiliency, high-density polyurethane foam core
- Durable leather upholstery holds up in the most demanding environments
- USB port built into power control for convenient charging
- The power control allows you to independently adjust the recline and headrest.
- A separate home button returns the headrest and footrest to their original positions with one touch.
- A USB port is included on the power control for powering electronics.
- Zero draw technology only uses power when the USB port is in use.
