Achieve the optimal neutral body position with our Zero Gravity recline technology that reduces the forces of gravity to provide comfort and well-being

Power allows you to smoothly recline to any position, adjust the headrests, and adjust the lumbar supports.

On styles with arms, a home feature returns the headrest, footrest, and lumbar support to their original positions.

A single USB port is included on each power button control on styles with arms.

Power to the USB port is activated only when the port is in use.
