

Warby Outdoor Dining Table

COLORS: Beige

OVERVIEW

The Warby outdoor dining table is designed with a sense of playfulness and organic form and crafted through an innovative water transfer process that patterns onto concrete to give the sophisticated appearance of travertine. This technique provides the piece with the authentic feel of stone while maintaining the resilience of concrete.

- Faux travertine where water transfer is used on a concrete mold so as to create a travertine pattern for a playful, organic look
- Suitable for indoor or outdoor use
- Items will vary in color, pattern & texture. No two items made from these materials are alike & product imagery may vary slightly. Please review our Care Guide for this product to ensure longevity
- Store inside or cover while not in use during inclement weather
- Assembly required
