A rubberwood frame provides excellent durability and stability for this stool, making it a smart choice for long-lasting use. Known for its dense grain and resistance to warping, rubberwood is less prone to shrinkage and cracking, ensuring the stool remains sturdy over time.

Additionally, rubberwood is an eco-friendly hardwood option, as it's harvested from sustainable sources, giving this piece both strength and environmental appeal.

Cushion filled with 3.5" of Urethane foam for ultimate comfort
