## SOMERSET TRIPLE CHOICE

### Specification

- TempBalance Gel Foam
- Support Foams
- NEW 832 Individually Wrapped Coil w/ Firm Edge

## Featuring... **TEMPBALANCE**

A layer of gel is strategically placed in the quilt of the mattress so you feel immediate comfort the moment you lie down. The gel helps dissipate heat away from your body to help you fall asleep faster.

### Temperature Management

TempBalance™ Gel Foam in the quilt provides an immediate cooling sleep surface.

**FALL ASLEEP  
FASTER**

### Pressure Relief

Support Foams provide deliver conforming, comfortable support to help relieve pressure points.

**STAY ASLEEP  
LONGER**

### Support

Our all NEW 832 Individually Wrapped Coil Support System is designed to provide the ultimate individualized comfort without partner disturbance.

Firm Edge coils surround the perimeter of the mattress for an extended sleep surface and prevention of roll-in/roll-out.

**SLEEP SOUNDLY  
THROUGHOUT THE NIGHT**
