NOTES

Transitional style with lofty, pillow padded arms and a striking cross-stitch detail

Block wood legs in a coordinating, mid-tone brown finish

Wide seat cushions have a high density and high resiliency foam core that is engineered to maintain its shape over time and contain a soft fiber top for luxurious comfort

Fully upholstered in a classic top-grain protected leather that delivers a consistent look over time and durability for use by active families

Center-divided, fiber-filled back cushions provide lumbar support and are attached to stay in place for a tidy appearance

Built to last with the patented Blue Steel Spring™ system —sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

The wide seat cushion has a high density and high resiliency foam core that is engineered to maintain its shape over time and contain a soft fiber top for luxurious comfort

Center-divided, fiber-filled back cushion provides lumbar support and is attached to stay in place for a tidy appearance

Transitional style with a layered design

The wide top cushion has a high density and high resiliency foam core that is engineered to maintain its shape over time and contains a soft fiber top for luxurious comfort
