ITEM # 430-131

SCALE DRESSER

If large drawer storage is the need, look no further than the Aspire Scale Dresser. Its seven drawers are made up of three medium sized drawers and four large, deep drawers. This storage configuration makes good use of the 56 inch width that the Scale Dresser occupies. Stylistically, the Scale Dresser makes good use of the solid cherry construction by showcasing this sought after North American hardwood. The finish uses minimal coverage to allow the wood grain to take center stage. A lined jewelry tray is included in the top right drawer.

- Cherry

Solid Wood - Made using genuine solid wood construction
