Product Description: Infuse even tight spaces with timeless style and a light-and-airy ambience with the Sliding Door Curio Cabinet. While the tall and slender cabinet measures just 30 inches wide and 20 inches deep, it has 5 adjustable glass shelves for ample storage and display. Crafted of Oak Solids and Veneers in a natural Golden Oak finish, it has lovely beveled glass patterns on the front. The two-way felt-lined sliding door has a lock. The mirrored back reflects light, adding sparkle to your room.

Collection Features: With over 60 years of furnishing homes across America, Pulaski Furniture continues its heritage of outstanding value, quality and design. We invite you to explore our accents and display cabinet collection and find the perfect piece to make a statement or complete your vision for any area of your home.

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Cleaning Information: L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.
