Hadley Dining Table Large Warm Brown

Pull up a chair—Hadley's got the hosting covered. This table lets reclaimed neem wood do the talking, with grain, knots, and history that feel quietly confident. An extra-thick rectangular top rests on sturdy cylindrical bases for a grounded, graceful silhouette, finished in warm brown. Iron accents add strength where it matters. Because every top is reclaimed, each one lands with its own one-of-a-kind character. Seats 10 comfortably and makes weeknights look a little more intentional.

- Grounded Profile: Rectangular top and cylindrical bases create a calm, architectural stance that reads modern, but never cold, in dining spaces today.
- Reclaimed Neem Wood: Reclaimed neem wood brings natural grain variation and a warm brown finish, paired with iron details for contrast and support.
- Solid Support: Sturdy cylindrical bases hold the top steady, creating a balanced footprint that feels secure for daily meals and bigger gatherings.
- Seats With Ease: Sized for entertaining, it comfortably seats 10 people and leaves plenty of room for shared platters, elbow space, and lingering conversation.
