Street line earphones

 **SENNHEISER**

Street Line

Enjoy great sound on-the-move and look good while you're at it! With the Street Series from Sennheiser, you can choose from an extensive range of earphones to give you the best fit, both in sound and style. Groove to the beat of booming bass and revel in the complete dancefloor experience wherever you are, whatever you're doing.

MX 580

Pump up the volume. With their high-quality speaker systems, the MX 580 earphones stand out from the crowd with their excellent, bass-driven stereo sound. A volume control integrated on the cable offers convenience while a storage pouch for safekeeping has been included in the delivery.

- High performance stereo earphones with Sennheiser's LiveBass System for powerful bass boost
- Ergonomic design for a superior fit (ear pads and ear sleeves included in delivery)
- Integrated volume control
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MXL 570

The MXL 570 are high-quality lanyard earphones equipped with Sennheiser's innovative LiveBass System for a superior, bass-driven stereo sound experience. The lanyard keeps your music player within reach and there are two safety openers, allowing for the quick removal of the earphones from the neck, when necessary.

- High performance stereo earphones with Sennheiser's LiveBass System for powerful bass boost
- Ergonomic design for a superior fit (ear pads and ear sleeves included in delivery)
- Integrated lanyard with detachable loop for MP3 players
- Optimised for MP3, iPod, iPhone and portable media players

OMX 180

Earphones made to fit your urban lifestyle. The OMX 180 are such earphones with CustomFlex System – fully flexible ear hooks following the contours of your ears for a custom, secure fit. They also feature Sennheiser's innovative LiveBass System for a superior bass response. To top it off, these stereo clip-on earphones also come with an integrated volume control for enhanced usability and convenience.

- CustomFlex System: Fully flexible ear hooks for a custom, secure fit
- Sennheiser's LiveBass System for powerful bass boost
- Integrated volume control
- Optimised for MP3, iPod, iPhone and portable media players

MX 470

Groove to the beat with the MX 470 earphones. Equipped with Sennheiser's innovative LiveBass system for a powerful bass boost, they make the perfect listening accessory for those who want continuous music everywhere they go.

- High performance stereo earphones with Sennheiser's LiveBass System for powerful bass boost
- Ergonomic design for a superior fit (ear pads and ear sleeves included in delivery)
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MX 370

Lightweight earphones with a vibrant bass performance. The MX 370 fit snugly inside your ears, and their dynamic speaker systems deliver a powerful, bass-driven stereo sound, perfect for enjoying your music while on-the-move.

- Dynamic speaker systems for powerful, bass-driven stereo sound
- Ergonomic design for a superior fit
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MX 270

No sacrifice in sound quality or portability. The ergonomic MX 270 earphones deliver a powerful stereo sound experience and are ideal for connecting with portable media devices.

- Powerful, bass-driven stereo sound
- Ergonomic design for a superior fit
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Optimised for MP3, iPod, iPhone and portable media players

CX 280

For high quality sound while on-the-move, put on the CX 280 ear canal phones. You will enjoy clear and detailed sound, thanks to their high performance dynamic speaker systems.

- Ergonomic ear canal phones with high performance dynamic speaker systems
- Silicon ear adaptors for a personalised comfort fit
- Integrated volume control
- Hassle-free cable slider
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

CX 270

Perfect for striding around town! The ergonomic CX 270 ear canal phones offer an excellent passive attenuation of ambient noise as well as deliver outstanding bass-driven stereo sound. Also, the symmetrical cable design ensures a tangle-free listening experience.

- Ergonomic ear canal phones with excellent bass
- Silicon ear adaptors for a personalised comfort fit
- Hassle-free cable slider
- Optimised for MP3, iPod, iPhone and portable media players

Street line earphones

 **SENNHEISER**

Street Line

With the Street Series earphones from Sennheiser, certain earphone models has its own unique red and gold design, no two designs are the same! You can choose from an extensive range of earphones to give you the best fit, both in sound and style. Share the same tune with your buddies as you groove to the beat of booming bass and revel in the complete dancefloor experience wherever you are, whatever you're doing.

CX 281

Edgy, fashionable and sexy. Shimmy on over to the sassy style of these sleek CX 281 ear canal phones. You will enjoy clear and detailed sound, thanks to their high performance dynamic speaker systems. The wide array of ear adaptors (S/M/L sizes) allows for a personalised fit as well as excellent passive attenuation of ambient noise. And like the MX 581, the CX 281 come with a share adaptor - allowing you to share your listening experience with a friend (who will need another pair of headphones).

- Ergonomic ear canal phones with high performance dynamic speaker systems for listeners with smaller ears
- Silicon ear adaptors for a personalised comfort fit
- Integrated volume control
- Unique red and gold graphics on earphones – no two designs are the same!
- Hassle-free cable slider
- Symmetrical braided-design cable for a tangle-free listening experience
- Share adaptor - Share your audio with a friend!
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

CX 271

Enhance your look with these charming CX 271 ear canal phones. They offer an excellent passive attenuation of ambient noise as well as provide an immersive bass-driven stereo experience. Also, the symmetrical cable design ensures a tangle-free experience, especially when you are listening while on-the-move.

- Ergonomic ear canal phones with excellent bass for listeners with smaller ears
- Silicon ear adaptors for a personalised comfort fit
- Unique red and gold graphics on earphones - no two designs are the same!
- Hassle-free cable slider
- Symmetrical braided-design cable for a tangle-free listening experience
- Optimised for MP3, iPod, iPhone and portable media players

OMX 181

Give everyday looks a sassy update. The OMX 181 are such earphones with CustomFlex System – fully flexible ear hooks following the contours of your ears for a custom, secure fit. Not only do they stand out with their unique red and gold housing graphics but they also feature Sennheiser's innovative LiveBass System for a superior bass response. To top it off, these stereo clip-on earphones also come with an integrated volume control for enhanced usability and convenience.

- CustomFlex System: Fully flexible ear hooks for a custom, secure fit
- Sennheiser's LiveBass System for powerful bass boost
- Integrated volume control
- Unique red and gold graphics on earphones – no two designs are the same!
- Symmetrical braided-design cable for a tangle-free listening experience
- Optimised for MP3, iPod, iPhone and portable media players

MX 581

There is nothing like the chic and sleek MX 581 to amp up your coolness factor. Their high-quality speaker systems produce an excellent, bass-driven stereo sound, perfect for your rock and pop ballads.

- Ergonomic design optimised for listeners with smaller ears (ear pads and ear sleeves included in delivery)
- Sennheiser's LiveBass System for powerful bass boost
- Integrated volume control
- Unique red and gold graphics on earphones – no two designs are the same!
- Hassle-free cable slider
- Symmetrical braided-design cable for a tangle-free listening experience
- Share adaptor – Share your audio with a friend!
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MX 471

Eyes will be drawn to you when you put on the MX 471 earphones. Not only have they been ergonomically designed for listeners with smaller ears, but they come with unique red and gold graphics on their housings! Not to forget, they are also equipped with Sennheiser's innovative LiveBass system for a wondrous bass experience.

- Ergonomic design optimised for listeners with smaller ears (ear pads and ear sleeves included in delivery)
- Sennheiser's LiveBass System for powerful bass boost
- Unique red and gold graphics on earphones – no two designs are the same!
- Hassle-free cable slider
- Symmetrical braided-design cable for a tangle-free listening experience
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MX 371

Lightweight and ergonomically-designed (for listeners with smaller ears), the MX 371 earphones fit snugly inside your ears. Their dynamic speaker systems deliver a smooth bass performance, perfect for enjoying your music while out in the high streets.

- Dynamic speaker systems for powerful, bass-driven stereo sound
- Ergonomic design optimised for listeners with smaller ears
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Storage pouch fits your earphones and iPod Nano (4th Gen) perfectly!
- Optimised for MP3, iPod, iPhone and portable media players

MX 271

Ergonomically-designed for listeners with smaller ears, the MX 271 sacrifices neither sound quality nor portability. These earphones deliver a powerful stereo sound experience and are ideal for connecting with portable media devices.

- Powerful, bass-driven stereo sound
- Ergonomic design optimised for listeners with smaller ears
- Hassle-free cable slider
- Symmetrical cable for a tangle-free listening experience
- Optimised for MP3, iPod, iPhone and portable media players
