SKU: S958-BR-K1

Availability: Expected Availability Date:

Type: Beds

Category: Bedroom

Collection: Lawson's Creek

Style: Transitional

Bed Size: Queen

Finish: Medium Wood

Brand: SLF

Product Description: Our Lawson's Creek Queen Panel Bed combines rustic charm with contemporary elegance, making it a stunning centerpiece for any bedroom. The frame features a mantle-style design with simple paneling in a weathered oak finish, reminiscent of the traditional farmhouse aesthetic. Heavy crown molding and weighted pilasters on either side provide structural support and visual interest. This bed offers the perfect balance of rustic simplicity and modern refinement, making it a versatile choice that can complement various decor schemes.

Collection Features: Farmhouse style and elements of transitional design effortlessly combine to create a welcoming atmosphere with the Lawson's Creek bedroom collection. The weathered oak finish and aged pewter accents add timeless charm and warmth to the overall look. Heavy crown molding creates depth and shadow, enhancing the overall appearance of this group.

Status: Active

Finish: A weathered oak finish gives a muted, worn look, capturing the essence of time

Features: Transitional farmhouse style combines warmth and simplicity with a timeless appeal
Features a mantle style headboard and footboard with weighted pilasters for a distinctive design
Intricate molding and raised panels exude a sense of elegance and refinement

Material: Oak Wood Veneers

Frame Construction: Samuel Lawrence Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
