FEATURES & BENEFITS

Perfect Results	The oven has four essential functions including bake, broil and convection bake while the cooktop features five burners that can do everything from a gentle simmer to wok cooking. Together in one range, these deliver perfect results whatever you are cooking.
Sized to Suit	This 36" range is spacious with 3.6 cu. ft. of total capacity. A five position shelving system allows ample space for larger meals.
Designed to Match	Designed using premium quality materials and built to last, the black reflective glass and stainless steel blend balanced aesthetic with design for durability.
Easy Cleaning	The gas cooktop is made from a single piece of stainless steel that contains spills to be simply wiped away, while the easily removable oven door and runners make cleaning easy.
Precise Control	Machined stainless steel dials, with a simple, functional interface are positioned on a full stainless steel control panel giving precise control over cooking temperatures.
Safe and Sound	Double-glazed doors in the oven help keep the heat where it needs to stay and flame failure protection in the oven and cooktop provides an extra safety feature. Streamlined cast iron trivets on the cooktop let you slide pots and pans without lifting them.
Oven functions	Bake, Convection Bake, Broil, Convection Broil.
Accessories	Broiler pan + rack, step down oven shelf, flat shelf, anti-tilt kit, wok stand.
