

M152 MAVERICKS SERIES

15" DUAL SUBWOOFER (FOR L/C/R OR LFE USE)

- (1) 15" (381 mm) Aluminum Woofer Active**
- (1) 15" (381 mm) Aluminum Woofer Passive**

The Maverick series by James Loudspeaker was inspired by the legendary "Maverick" surf of Northern California—awesome, powerful, and exciting! This large format free standing subwoofer was specifically designed for ultra-high output home theater applications where depth is not an issue. The maverick series by James provides ultra-wide bandwidth, very high sound pressure levels, and extremely low distortion, resulting in a stunning cinema experience.

The M152 features a dual woofer design capable of handling a broad frequency range down to 25Hz, delivering the deep, powerful bass that takes your movie-viewing experience to the next level. Designed to be used as either an LCR module paired with an MQ84(A) or for pure LFE, this subwoofer can handle large amounts of power and pairs perfectly with the James M1000 amplifier, delivering up to 1000 Watts of deep ground shaking bass. This subwoofer module represents the cutting edge of cinema technology and delivers the high impact audio you expect from a high performance theater system.
