

WARMTH COLLECTION

POWER RECLINERS WITH HEAT

Experience the Warmth Collection

Introducing a new standard in relaxation. The Warmth Collection combines premium, LeatherSoft fabrics with advanced comfort technologies. Whether you prefer a sleek modern profile or a plush classic silhouette, this collection delivers the perfect blend of form and function.

Cinder

For a contemporary edge, the Cinder model boasts a sleek design with clean lines and a streamlined profile. Experience the perfect blend of form and function with the Cinder Power Recliner that is a modern statement piece that doesn't compromise on comfort.

- The Look: A contemporary statement piece with a streamlined profile and clean lines.
- The Vibe: Sleek, modern, and edgy.
- Best For: Spaces that demand a modern aesthetic without compromising on comfort.

Ember

Radiating sophistication, the Ember model offers a classic silhouette with modern functionality. Its smooth lines and plush cushioning invite you to unwind in style. The Ember Power Recliner is a perfect addition to any living space, combining timeless design with advanced features for ultimate relaxation.

- The Look: A classic silhouette featuring smooth lines and plush cushioning.
- The Vibe: Timeless, sophisticated, and inviting.
- Best For: Those seeking a traditional look with modern functionality.

Premium Touch, Practical Durability

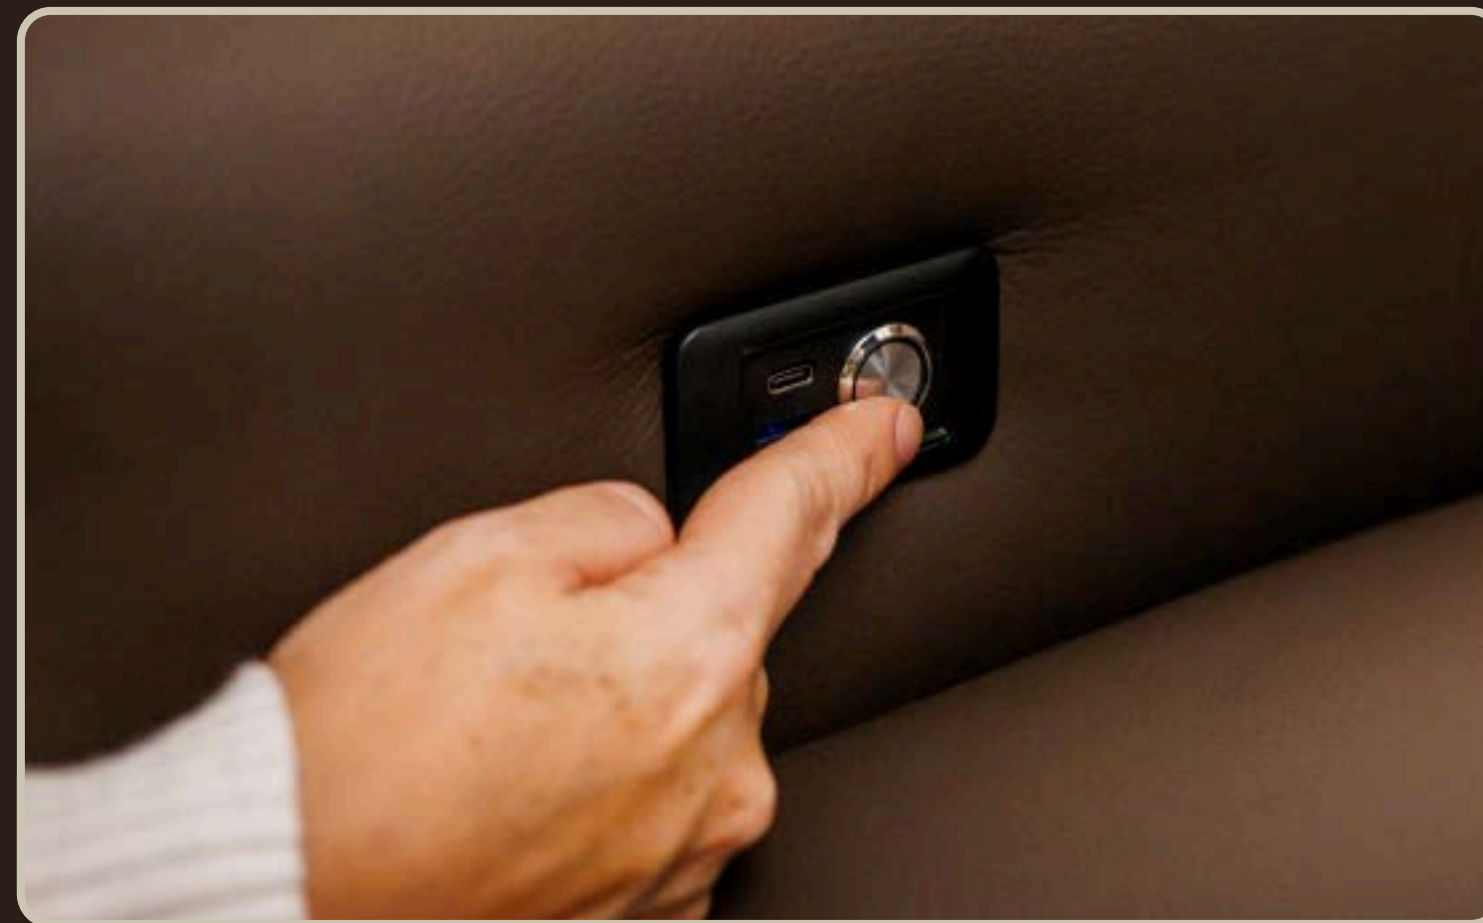

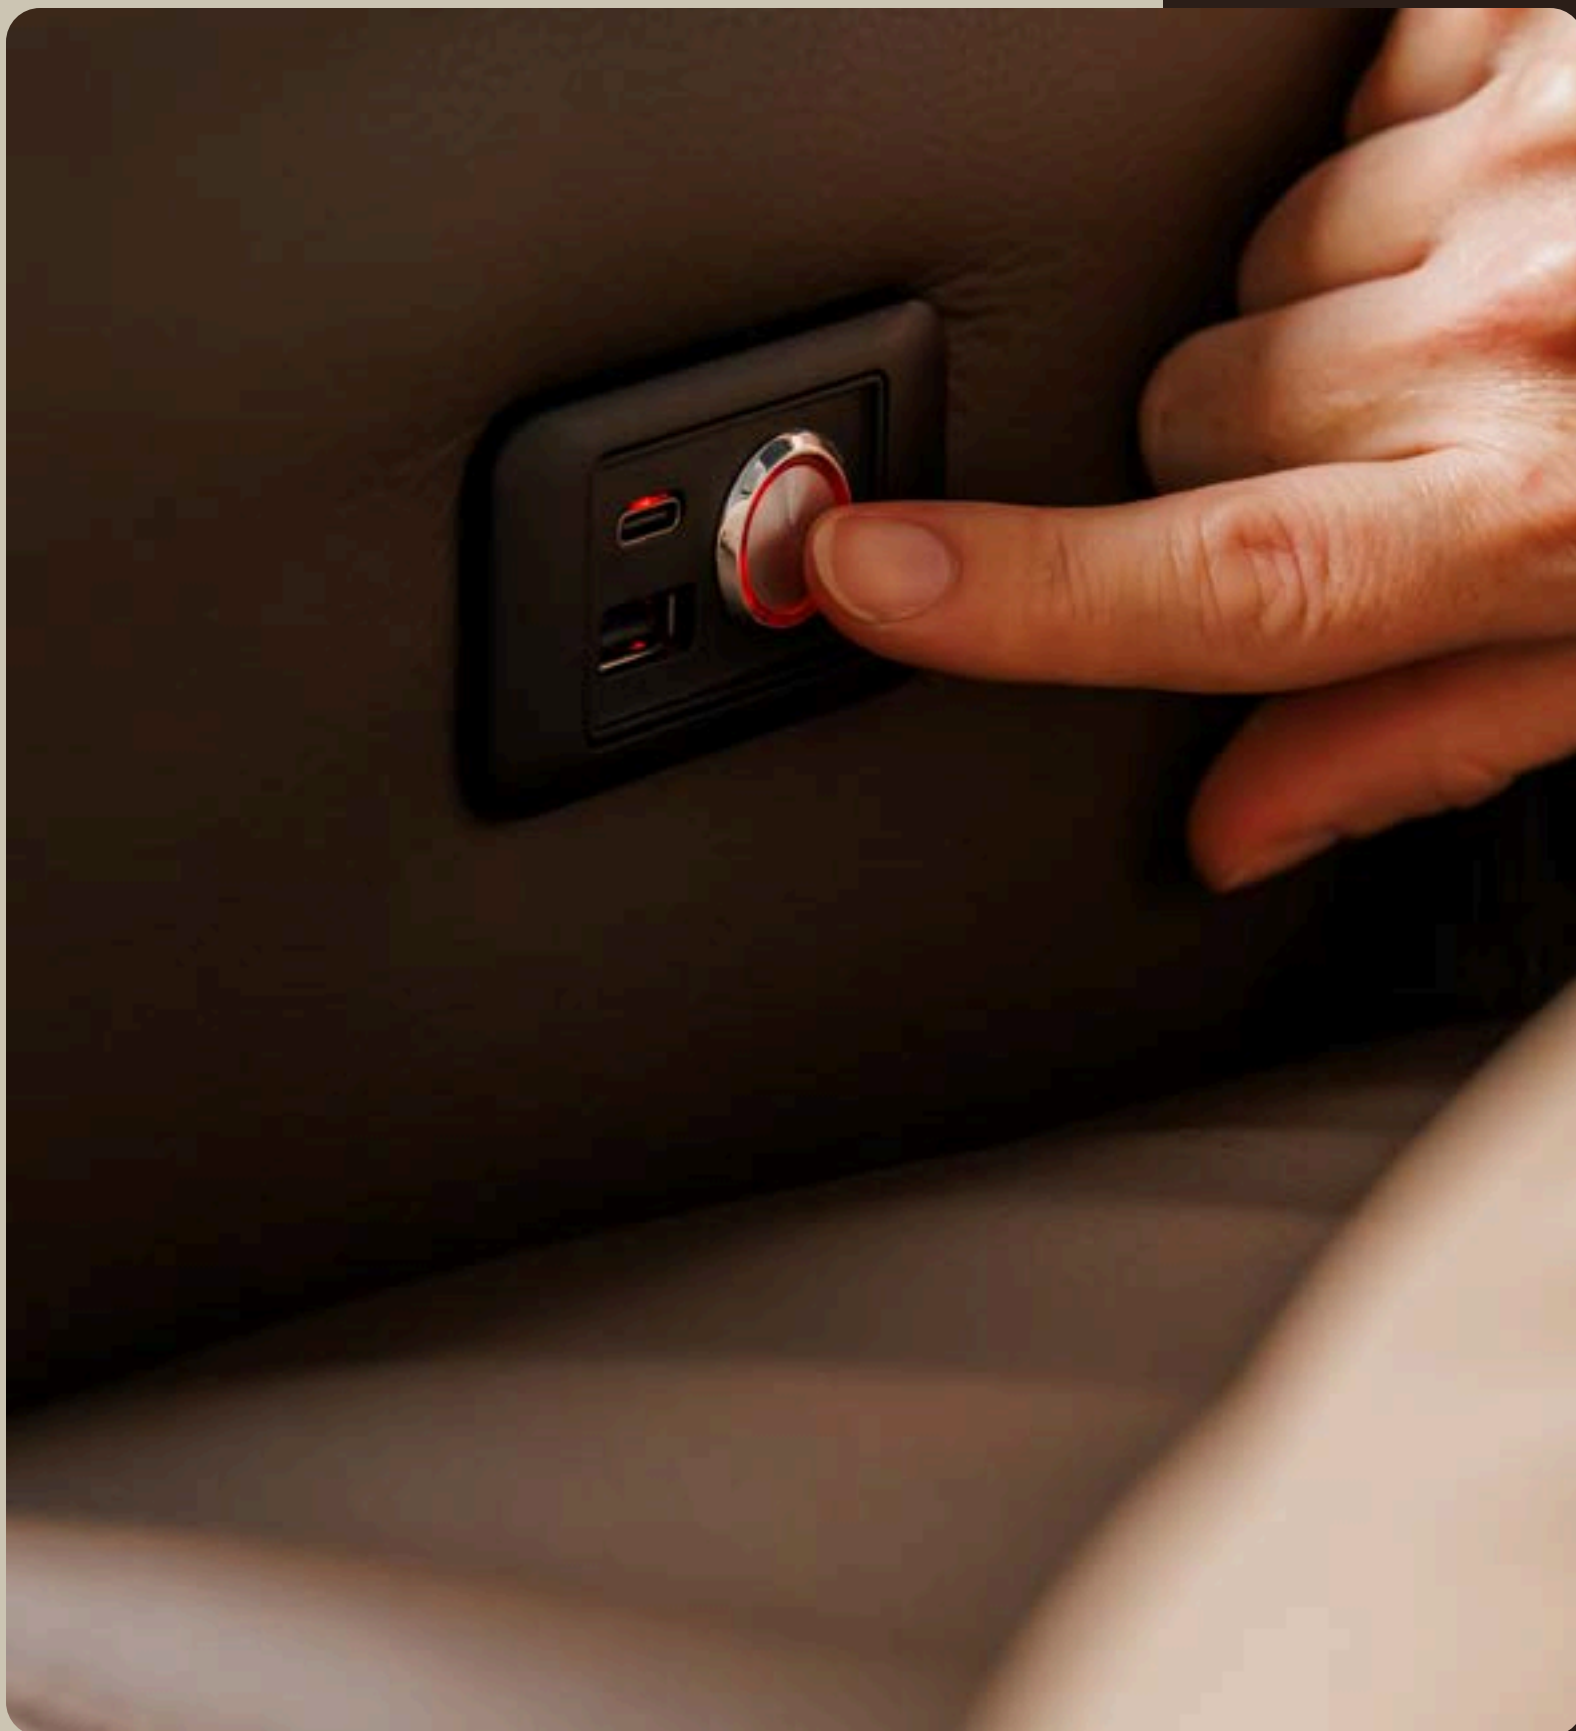

Both models are upholstered in our premium LeatherSoft fabric—offering the luxurious feel of leather with the easy care and durability of a vegan material.

Soothing Warmth Technology

At the heart of the collection is our oversized lumbar heating technology. Designed for deep relaxation, this feature provides targeted warmth to provide stress relief and enhance your downtime at the touch of a button.

Weightless Relaxation

Experience the ultimate in ergonomics with Zero Gravity Recline. This position alleviates pressure on the spine and improves circulation, supported by a memory foam seat for superior comfort.

- Weight Capacity: 400 lbs.
- Mechanism: Smooth, whisper-quiet power recline.

Power Adjustable Headrest

Easily adjust head and neck support to find the perfect angle for reading, watching TV, or resting.

Stay Connected

Built-in USB A and C ports enable you to charge your devices conveniently without having to leave your seat. These USB ports are strategically placed on both the outer and inner right arm for enhanced accessibility.

Quality You Can Trust

The Warmth Collection boasts an extensive warranty reflecting exceptional quality and durability.

Coverage Breakdown:

- Frame: Lifetime Warranty
- Recline Motor: 5 Years
- Electronic Parts: 3 Years
- Fabric & Foam: 1 Year

Bring Warmth to Your Showroom

As a Canadian company, we recognize warmth as a necessity. While many manufacturers are removing heating elements, the Warmth Collection offers oversized lumbar heating technology with Zero Gravity comfort.

Reasons to Stock the Warmth Collection:

- Distinct Advantage: Fewer competitors provide heated seating, ideal for cold winters.
- Easy Delivery: Removable backs simplify transport through tight spaces.
- Premium Features: Includes Power Headrests, USB A & C charging, and Zero Gravity recline for great value.
- Reliable Warranty: Extensive coverage with a Lifetime Warranty on frames.
