# ABOUT

HOME THEATER

## **We Craft Furniture.**

Our Home Theater Collection brings the cinema experience to the comfort of your own home and can be personalized to fit any space and creative style. Our broad selection of leathers will complement any lifestyle from traditional to contemporary; while limitless configurations bring you cozy couple seating, individual rows and anything in-between.

Different arm options allow for rows with either straight or curved configurations. Cupholders and activation switches (with USB port) come standard in all arms with a brushed nickel finish and the option of black finish.

Each power recliner features a motorized articulating headrest and footrest. The zero-wall clearance feature also brings you freedom to place your furniture perfectly against the wall, or anywhere in the room.
