SKU: P307DJ-BR-K1

Availability: Extremely Low Inventory Location: Georgia

Type: Beds, Panel/Wall Beds

Category: Bedroom

Collection: Catalina

Material: Wood

Style: Transitional

Bed Size: Queen

Finish: Light Wood

Brand: Drew & Jonathan Home

Product Description: Drawing its inspiration from a casual coastal lifestyle, the Catalina Shuttered Panel Bed brings a bit of that fresh, breezy ambiance to the bedroom. Clearly the focal point of the piece, the headboard is a nod to beach-front living with a prominent horizontal shutter slat design. The footboard mirrors the headboard's design on a smaller scale, creating additional visual interest with a square-tube, black brushed metal support leg. Coordinating side panels and slats finish off the clean aesthetic of the unit. Mix and match the Catalina Shuttered Panel Bed with other pieces in the Catalina Collection for perfectly coordinated bedroom style.

Collection Features: The Catalina collection offers a casual design profile that mirrors Drew and Jonathan's current Southern California lifestyles. The collection includes low profiles with classic angles and natural finishes. Highlights of the bedroom pieces include an upholstered, low platform-style bed with a fabric headboard and a wood-panel bed. Coordinating case pieces include a dresser with linear metal hardware and metal base, an accompanying mirror, and a two-drawer nightstand.

Finish: Light wood distressed finish with black metal base

Features: Includes headboard, footboard and rails
Shutter style headboard and footboard design
Metal footboard base
Queen size

Material: Split Heart Oak Veneers and Metal

Frame Construction: Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Cleaning Information: L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.
