39 3/8 "

Symbols glossary

| | | | |
|--|--|---|---|
|  | Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed. |  | Microwave energy shortens cooking times dramatically and produces energy savings. |
|  | Defrost by time: with this function the time of thawing of foods are determined automatically. |  | Defrost by weight: With this function the defrosting time is determined |
|  | Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food. |  | Side lights: Two opposing side lights increase visibility inside the oven. |
|  | Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button. | | |
