Colin Twin Bed Light Brown

Say goodnight to sharp corners. Colin's softly arched frame and headboard wrap the room in calm, with plush padding under bouclé-style upholstery in a warm light brown. A solid wood, plywood, and MDF foundation keeps the silhouette steady, while foam cushioning adds that sink-in feel. Dark, subtly exposed wooden post legs ground the look and give reassuring support. Perfect for a guest room or small space, for nights that feel lighter.

- Soft Curve Silhouette: Rounded headboard and frame create a stress-free look that visually softens corners and makes the room feel calmer.
- Bouclé-Look Upholstery: 100% polyester upholstery brings nubby texture and easygoing warmth, paired with supportive foam padding for a cushioned lean-back.
- Sturdy Inner Frame: Solid wood with plywood and MDF forms a dependable base under the curves, helping the bed feel steady night after night.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
