

M122 MAVERICKS SERIES

12" DUAL SUBWOOFER (FOR L/C/R OR LFE USE)

(1) 12" (305 mm) Aluminum Woofer (Active) (1) 12" (305 mm) Aluminum Woofer (Passive)

The Maverick series by James Loudspeaker was inspired by the legendary "Maverick" surf of Northern California—awesome, powerful, and exciting! This large format free standing subwoofer was specifically designed for ultra-high output home theater applications where depth is not an issue. The maverick series by James provides ultra-wide bandwidth, very high sound pressure levels, and extremely low distortion, resulting in a stunning cinema experience.

The M122 features a dual woofer design capable of handling a broad frequency range down to 30Hz, delivering the deep, powerful bass that takes your movie-viewing experience to the next level. Designed to be used as either an LCR module or for pure LFE, this subwoofer can handle large amounts of power and pairs perfectly with the James M1000 amplifier, delivering up to 1000 Watts of deep ground shaking bass. This subwoofer module represents the cutting edge of cinema technology and delivers the high impact audio you expect from a high performance theater system.
