

CIABATTONI

SECTIONAL | CM6256GY

DETAILS:

Decorator-inspired flannelette fabric, high arms of regal stature and deep tufted frames combine for a seating experience that is forever inviting. The classic tuxedo design flourishes among more modern details such as the steel legs and chaise on both left and right side of the sectional. Disparate pieces that all come together in a beautiful and versatile package--the matching oversized ottoman fits perfectly in between the chaises and turns this into a spacious bed to frolic upon.
